Helpful Hints

DON'T GO WRONG . . . START RIGHT:

For best results, be sure to use the yarn recommended in the pattern, and purchase enough of one dye lot to complete your project. It is a good idea to retain ball bands in case of inquiry.

Before you begin to knit, check your tension by making a test swatch and adjust needle sizes, if necessary, to obtain the tension quoted in the pattern. Inaccurate tension results in a garment too large or too small. Even a variation of half a stitch makes an obvious difference in the finished size. Loose tension can result in the garment losing its shape during wear or laundering.

Before beginning, read the instructions and underline all figures applying to your size. Sizes should be chosen from the actual bust or chest measurements and not age or ready-to-wear sizes.

WASHING YOUR GARMENT:

Both Beehive SuperWool and Canadiana Sayelle are machine washable. Do up zippers or buttons and turn garment inside out. Machine wash the garment, preferably on its own, using warm water and detergent. Softener may be added to the final rinse. Do not bleach.

DRYING YOUR GARMENT:

Sayelle should be tumble dried after being machine washed, to restore the yarn to its original shape. **Never put an iron directly on**

Sayelle. Cover with a damp cloth and leave to dry on garment.

Lay **SuperWool** garment on a flat surface away from bright lights or sunlight. While still damp, gently push garment back to its original shape and size.

STRANDING METHOD: The coloured design is worked by carrying yarn not in use **loosely** across back (purl side) of work but never over more than 3 sts. When it must pass over more than 3 sts weave it over and under colour in use on next st or at centre of sts it passes over. This is called 'Stranding' and the colours are never twisted around one another. When changing colours in order to prevent a hole, pass colour to be used underneath and around to right of colour just used.

HOW TO GRAFT: Thread a length of yarn through a blunt ended needle. With yarn at right end and wrong sides of work together *thread needle **knitways** through first st on front needle, draw yarn through st and slip off needle. Thread through second st on front needle **purlways**, draw yarn through and let st remain on needle. Take yarn under needle and thread **purlways** into first st on back needle, draw yarn through and slip st off needle. Thread **knitways** into second st on back needle, draw yarn through and let st remain on needle. Bring yarn forward under needle and repeat from * to end of row.
